

Patient Group

Barnfield Hill Surgery has a Patient Group (also known as Patient Participation Group, PPG), which provides a link between the Practice and members of the community.

Do you want to improve health and health services in your local community?

Do you want to have the opportunity to have a voice and get involved in the way your health service is run?

Do you want to help shape and improve services?

If you have answered YES to any of the above questions then you may be the right person to join our Patient Group.

Let us hear about your experiences, views and ideas for making services better. The practice is currently looking for people from all ages and backgrounds who are enthusiastic about influencing and improving the way that local healthcare is delivered.

If you are interested, or have any questions, please do not hesitate to contact the Patient Group:

Niall MacLeod, Nicola Piper, Valerie Joslin
Co-chairs Barnfield Hill Patient Group (PPG)
